SILENT AUCTION

•Items offered in the silent auction will have silent auction bid forms attached to them or on the table. You may bid by adding your bid number to the minimum bid, or if that has already been taken, add your bid number and a higher bid amount on the line below the existing high bid.

•Bids must be the minimum bid increment amount or higher. Bids that are lower than the bid increment indicated will be voided.

•You may bid anytime during the event up until the closing time.

LIVE AUCTION

•To bid up an item, simply show your bid card to the auctioneer.

•Bids will be accepted until no one bids further, in which case the item will be declared sold to the highest bidder.
